

SPECIAL TOOLS ORDER FORM

F182010-10	Revision	L	Page 1 of 1
Owner	Michael DeGuzman		

CTC Global provides special required installation tools up to the calculated ^{1,2} or approved quantities at No-Charge. Tools are delivered to the address provided in Ship to Details. To order, complete form and email to CoreRetainers@ctcglobal.com. An order confirmation will be sent once processed.

Be advised of notes regarding quantity calculation, lead times ³ and plan accordingly.

If ordering for different conductors, submit a separate order form for each conductor's name.

REQUIRED INFORMATION IN RED ITALIC FONT MUST BE PROVIDED TO PROCESS ORDER

Additional Instructions: _____

Notes:

- No-Charge Bug Quantity Calculation = (conductor kM/8.8) + 6 (round up)
- No-Charge AZR tool quantity = 4 units per crew given.
- Lead time can vary. Estimated shipping date will be given on order confirmation. The typical lead time is 6-8 weeks, so please plan accordingly.
- If a conductor's name is not listed, enter the conductor in the "Other" field. The applicable part number will be provided on the order confirmation.
- If the requested quantity is greater than the quantity calculation, Regional Service Manager (RSM) will review for approval.
 If requested quantity is greater than the RSM approved quantity, quotation for difference is requested not needed
